Personalization of CM portal with the default address https://cmportal.eu means to enter custom company logos. They're adjusted under a logged Maintainer at *Admin zone -> My profile, global settings -> tab Logos in CM.*

You may adjust these logos :

- Logo displayed in the top left corner (with link to your website) after login to CM portal
- Logo into emails
- Logo into selected reports
- Logo into print form of fulfillments

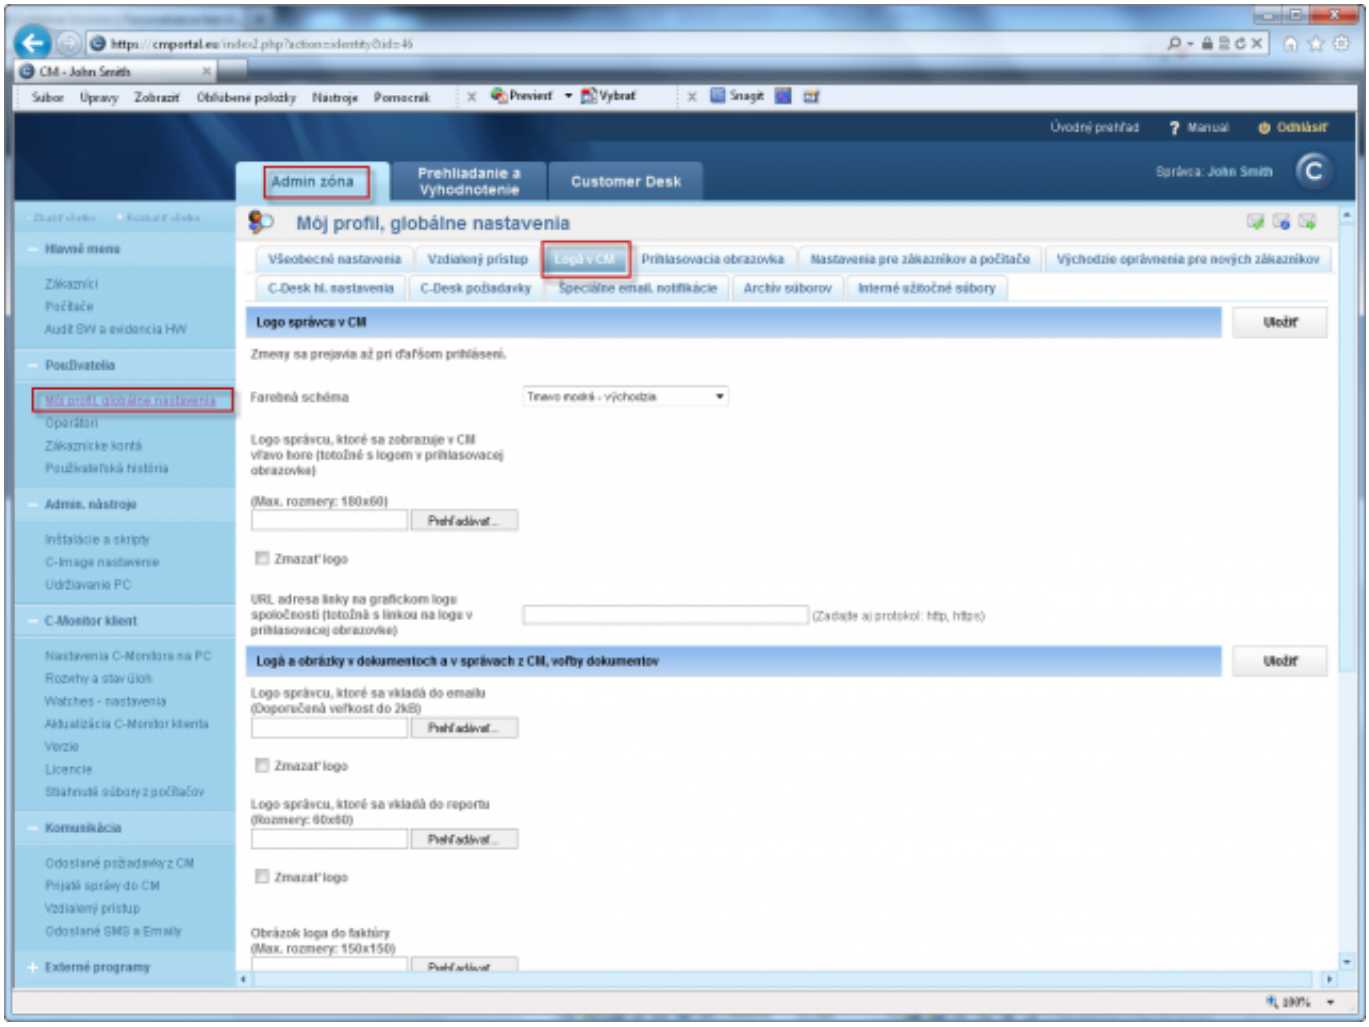

Image: Nastavenie firemného loga v prostredí CM. Nastavenie platné pre obidve formy prístupovej adresy (predvolená aj vlastná doména)
